

Sponsorship

Make a positive, tangible impact in our community

Affordable housing remains one of the most critical issues in our community. In Stokes County, one in four families is cost-burdened, meaning they spend more than 30% of their income on housing. Many of these families cannot access sufficient rental options or qualify for traditional mortgages due to the rising cost of housing. Habitat Stokes provides one of the few pathways to homeownership for these families, offering a crucial solution to this pressing problem.

A home sponsorship consists of providing monetary support and/or volunteers to build a home for and alongside our partner families. Whether it's a one-day build or you sponsor a full house, you can make a difference while taking part in this extraordinary, hands-on opportunity!

Sponsors are the foundation to our mission of building homes, communities and hope.

Sponsorships and benefits range in level of financial support and are open to anyone from corporations and local businesses to the faith community or individuals.
